Information system Wikipedia

May 4th, 2018 - The classic view of Information systems found in the textbooks in the 1980s was a pyramid of systems that reflected the hierarchy of the organization usually transaction processing systems at the bottom of the pyramid followed by management information systems decision support systems and ending with executive information systems at the top'

'Management information system Wikipedia

May 6th, 2018 - History While it can be contested that the history of management information systems date as far back as companies using ledgers to keep track of accounting the modern history of MIS can be divided into five eras originally identified by Kenneth C Laudon and Jane Laudon in their seminal textbook Management Information Systems'

'Journal of Knowledge Management Practice TLAINC
