awesome brain hacks that give you
mind blowing powers

June 6th, 2020 - the theory is
that as your mind switches back
and forth between perception of
the music and concentration on
the challenging tasks it forms
separate events or distinct
memories when your brain thinks
about what you've been doing for
the past hour you'll remember
more of these events and recall
that the hour was quite

long' 'what is reality 5 things we still don t understand
