'12 things that make cats
go crazy animal wised

May 24th, 2020 - cats are
silent by nature except
during their heat period
and the moments in which
they try to municate with
humans they rarely emit a
single noise even when
walking perhaps that is
why they are so irritated
by loud strong and
insistent sounds which
makes cats go crazy
especially if they hear
them suddenly as they
immediately turn to a
state of alert that
indicates they may be in
danger' **'crazy cats two
player games**
