relativity as a hybrid
theory the genesis of*
May 6th, 2020 - the
paper describes the
genesis of einstein s
work on the problem of
motion in general
relativity it bees clear
that the way einstein
approached this problem
is rooted in his
scepticism of the energy
momentum tensor this in
turn shows us that
einstein thought of gr
as a hybrid theory' ***the
origin of the universe
stephen hawking***

May 31st, 2020 - however
in 1915 einstein
introduced his
revolutionary general
theory of relativity in
this space and time were
no longer absolute no
longer a fixed
background to events
instead they were
dynamical quantities
that were shaped by the
matter and energy in the
universe'
