wandering mind**

April 4th, 2020 - the book is based on the  
actual journey made by an elephant in 1551  
during the reign of the porutguese king dom  
jo?o iii but in saramago s hands the journey  
goes well beyond the approximately 3000 kms  
traversed by the elephant and his mahout with  
the journey as a backdrop he succeeds in  
telling us more about the situation in  
sixteenth century europe than we learnt in  
our history books'
